EMPLOYEE PROFILE

CHRISTOPHER KLUJ PROJECT MANAGER DESIGN AND CONSTRUCTION

Christopher Kluj has been working for OAS for a year and a half. He currently works in Facilities Management as a Project Manager for Design and Construction. Before that, he was a Project Manager at USF Housing for two and a half years.

In his current position, Chris meets with contractors, architects, engineers, and customers to discuss what is currently going on with projects that are in construction and ensure they are moving forward accordingly. He collaborates with architects and engineers before a project starts, ensuring the plan and scope of the project coordinate to meet the customer's needs and expectations. Another aspect of his role is talking to customers

to help interpret how and what the contractor, architects, and engineers plan on doing. Chris' favorite part about working as a Project Manager is the interaction between between the stakeholders for each project.

Chris was born in New Jersey and went to college at

SAFETY TRAINING PROGRAM

Environmental Health and Safety recently streamlined their training program and began offering most courses online. Take the assessment to determine the required trainings for your role at USF.
