

Ivan Rothstein, Ph.D

Education:

Ph.D., Mathematics, Virginia Tech, Blacksburg, VA
Dissertation: Semiclassical Scattering of two and three body systems
Advisor: George B. Whitham
M.S., Mathematics, Virginia Tech, Blacksburg, VA
B.S., Mathematics, West Virginia University, Morgantown, West Virginia

(Work Experience):

August 2000 - Present

- Simulated operational scenarios and provided weekly analytical reports to 7T MD
- Created a model of BIR system in support of Missile Defense Agency (MDA).

Publications:

- Semiclassical wave packet scattering in one and two dimensions, I. Rothstein, 7. Math. Phys. 41, 052301 (1999)
- Semiclassical Scattering of Two and Three Body Systems, J. Phys. A: Math. Theor. 33, 015401 (2000)
-
