

# Body Image Discrepancy in Diverse Women

Catherine Jirikowic, Madeline Palermo, M.S., Diana Rancourt, PhD.  
University of South Florida

## Introduction

College women report high rates of body dissatisfaction<sup>1</sup>

Additional body ideals, such as muscularity<sup>2</sup> and curviness<sup>3</sup>, have recently emerged

Women of different races and ethnicities

Women want to be thinner and curvier, but not more muscular.
