Department of Children and Families
Office of Substance Abuse Prevention

The Criminal Justice, Mental Health, and Substance Abuse (CJMHS) Reinvestment Grant Program (Program) was created by the 2007 Florida Legislature by s. 394.656, F.S., and is housed within the Department of Children and Families (Department). The purpose of this Request for Applications (RFA) is to provide funding under the Program to counties which they may use to plan, implement, or expand initiatives that increase public safety, avert increased spending on criminal and juvenile justice systems, and improve the accessibility and effectiveness of treatment services for adults and juveniles who have a mental illness, substance abuse disorders, or co-occurring mental health and substance abuse disorders, who are in, or at risk of entering, the criminal or juvenile justice systems.

Pursuant to s. 394.656, F.S., a county or consortium of counties, or a not-for-profit community provider or managing entity designated by the county planning council or committee (Applicant), as described s. 394.657 F.S., may apply for a 1-year Planning Grant or a 3-year Implementation or Expansion Grant. The Applicant must comply with all requirements listed in s. 394.658, F.S. An application submitted by a consortium of counties must clearly designate a lead county.

A not-for-profit community provider or managing entity applying for a Planning or an Implementation or Expansion Grant must submit a letter certified by the county planning council or committee designating them to apply for the RFA on behalf of the county.

Pursuant to s. 394.657 F.S., for each Applicant, the Board of County Commissioners must designate the county Public Safety Coordinating Council established under s. 951.26, F.S., or it must designate another criminal or juvenile justice mental health and substance abuse council, or committee, as the planning council or committee for the Program. The Public Safety Coordinating Council or other designated criminal or juvenile justice mental health and substance abuse council, or committee, in coordination with the county offices of planning and budget, must make a formal recommendation to the board of county commissioners regarding how the Program may best be implemented within a community.

Counties forming a consortium may use a regional Public Safety Coordinating Council or another county-designated regional criminal or juvenile justice mental health and substance abuse planning council or committee for the geographic area represented by the member counties.

If a council or committee other than the Public Safety Coordinating Council is used for this purpose, its membership must include all persons identified in s. 394.657(2)(a), F.S. (See _____, Planning Council or Committee Form).

This solicitation will support two types of grants. Applicants may seek only one type of grant in response to this RFA. Applicants may seek funding that is less than the maximum limits set for each type of grant. Applicants must build their application budgets based on the amount of state grant funds requested, as dictated in the grant maximums in this section, plus the percent of matching funds required (see Local Match Requirements, _____).

Grant Maximum: \$100,000 per county. Project Period: 12 months

Counties forming a consortium may request \$15,000 for each additional county (i.e. if three counties form a consortium, the grant maximum would be \$130,000, if there are four counties in the consortium, the grant maximum would be \$145,000).

This grant will not be awarded unless the Applicant makes available resources in an amount equal to the total amount of the grant (see Local Match Requirements, _____). Grant funding must be spent within 12 months from date of award letter. Planning grants will not be renewed at the end of the one-year grant period.

The selected category of individuals for which the Applicant intends to develop and focus Program activities, further defined as follows:

Persons age 18 or older who have a mental illness, substance abuse disorder, or co-occurring mental health and substance abuse disorders and who are in, or at risk of entering, the criminal justice system.

Persons age 17 or younger who have a mental illness, substance abuse disorder, or co-occurring mental health and substance abuse disorders and who are in, or at risk of entering, the juvenile or criminal justice systems.

The Program requires the selection of the Target Population, either Adult, Youth, or both as previously defined. If serving both Target Populations, Applicants must demonstrate the capacity to serve the identified populations simultaneously.

The Program requires the implementation of one of the following types of service models. Projects should focus on diverting members of the Target Population from arrest, prosecution, or incarceration to treatment and support services:

- Evidence-based programs (i.e., Assertive Community Treatment, Supported Employment, Modified Therapeutic Community, Permanent Supportive Housing);

- Evidence-based practices (i.e., Motivational Enhancement Therapy, Cognitive Behavioral Therapy);
