Institutional Characteristics 2012-13

Institution: University of South Florida-Main Campus (137351)
User ID: P1373511

Welcome to the Institutional Characteristics (IC) component. This component collects important information about your institution's mission, admissions, student services, and student charges.

Much of the data reported on IC appear on College Navigator, a college search service for students.

Additionally, the cost of attendance data are used to calculate the net price of attendance in the Student Financial Aid component. This has important implications for what students see about your institution, and also for the College Affordability and Transparency lists.

Remember,
Please never hesitate to call the IPEDS Help Desk and ask for help to make sure that you are reporting correctly!

- There is a new question that asks at what levels your institution offers distance education: undergraduate, graduate, or no distance education offered. Please carefully review the definition of distance education before responding.
- Cost of attendance data will only be collected for the current year. Any changes to prior year data need to be made in the prior year revision system. Starting next year, only one year of data will be able to be revised in prior year systems.
