Welcome to the Institutional Characteristics Header survey component (IC Header). This survey was introduced to collect data that are key to reporting throughout the IPEDS data collection, and must be completed and locked before any other survey can be started.

The IC Header should be completed based on the **W i f f Y b h`m Y U f**. Some IC Header questions may require nothing more than a confirmation, if nothing has changed. Please make changes as necessary, and complete items that do need a response (enrollment questions).

Remember, it is the responsibility of the keyholder to provide NCES with accurate data about the institution. Please never hesitate to call the IPEDS Help Desk at 1-877-225-2568 and ask for help to make sure that you are reporting correctly!

Because of the importance of the IC Header data in determining the screens you will receive in other surveys, be sure to report correctly, and to contact the IPEDS Help Desk if you have **5BM** questions about what you need to report.

The image shows a large rectangular area with a light blue gradient background. At the top of this area, there are two short horizontal lines. Below this, the area is filled with a faint grid pattern, suggesting a table or a data visualization that has been redacted or is a placeholder. The grid consists of approximately 10 columns and 10 rows, though the content within the cells is not visible.

If the only requirement for admission is a high school diploma or GED/other equivalent, your institution is still considered open admission. Institutions that require only an Ability to Benefit or similar test beyond the diploma/equivalent, and only reject a very small number of students based on the test, are also considered open admission.

? If your institution does not have an open admission policy, you will be required to report Admissions component on your admissions procedures and admissions yield.
