

Proposal Enhancement Grant (PEG) Guidelines 2024 – 2025

PURPOSE and OVERVIEW

The Proposal Enhancement Grant (PEG) program is designed to help faculty develop competitive proposals for resubmission and increase the probability of securing external funding; to strengthen the resubmission proposal to aid an applicant who has received a

ELIGIBLE PROJECTS are those that:

Are related to an external research proposal that has received a positive evaluation but is not in a fundable range. This program will be targeted towards strengthening the grant application by providing funds that will allow the investigator to respond to feedback from the external review and to conduct additional work to prepare a more competitive grant application for resubmission.
