FKL Assessment and Learning Outcome Assignments – There was discussion regarding the structure of the rubric-based assessment of the FKL through Learning Outcome Assignments (formerly Critical Course Assignments). In particular, an LOA needs to be applicable to a course taught by different instructors with varied content. The LOAs should be designed in a general enough way so as to apply across varied sections of the same course. Work needs to be done by the Council and the Faculty Assessment Coordinators to clarify what is being requested by the GEC regarding Assessment (particularly the LOAs).

Approved Courses

a) No Funding Request

1. AFA2367 History and Theory of Genocide COURSE APPROVED
